

From high-stakes quarterly all-hands to regulated corporate communications, Heat Check Studios combines broadcast engineering with native Teams/Zoom administration to eliminate executive stress and technical risk.

Key Capabilities

Turnkey solutions designed to protect leadership and relieve internal IT.

- ✓

Run of Show Execution
Live timing, slide driving, and cue management executed directly from client-provided run-of-show rundowns.
- ✓

Speaker Staging & Dry Runs
Pre-event tech checks (lighting, mic, framing, connection) and digital green room speaker onboarding.
- ✓

Broadcast Look & Feel
vMix multi-cam switching, custom lower-third overlays for key executives, and side-by-side slide layouts.
- ✓

Teams & Zoom Administration
Deep backend tenant management, panelist permissions, Q&A moderation, and optimized bitrate streams.
- ✓

Redundant Internet & Power
Multi-line wired internet routing, cellular hotspot backup, and uninterruptible battery power failovers.

IT & COMMS ALIGNMENT
"We work directly with your internal communications department and IT team to make sure all corporate security, platform standards, and show requirements are met and executed seamlessly."

FREE DISCOVERY CALL

Schedule a complimentary 15-minute consultation to review your event needs and tech requirements.
